

ANSWER SHEET

This is called Law of Inertia.

It is the tendency of an object to remain at rest or in uniform motion unless acted upon by an external force.

This is the first of Newton's laws of motion.

This is also known as the law of inertia.

It is the property of matter that it resists any change in its state of motion.

ANSWER SHEET

Due to gravitational force the speed will increase uniformly.

This is because gravity is constant throughout.

ANSWER SHEET

The gravitational force of an object is proportional to the mass of the object

More the mass of object, more will be the gravity.

ANSWER SHEET

Johnny Johnny, Yes Papa

Eating Sugar?

No Papa

Telling Lies

No Papa

Open your mouth

Ha Ha Ha.
